EU4EU
European Universities for the EU
EU4EU is the EuGen program co-financed with Erasmus+ funds that has created an international community of University students, graduates and companies all over Europe to promote internships abroad.

**WHAT**

To facilitate the transition between university education and access to employment, effectively promoting new job opportunities for graduates.

To help European companies to internationalise their team, grow and develop their business, explore EU funding opportunities, expedite the recruiting process.

**WHY**

**HOW**

Companies host trainees free of charge. Trainees get scholarships from the EU.

The internship has a desirable focus on EU funding and project management.

**WHERE**

We select hundreds of international candidates with different specialization profiles each year (political science, law, economics, IT, communication, marketing, languages, etc.)
EuGen European Generation is founder and international coordinator of the initiative.

**Italy 2020**
National coordinator: University Sapienza of Rome
13 Universities
