Tuesday 17 April 2024

Greetings from **Christian Corsi**
Head of the Department of Communication Science
University of Teramo

Introduction **Raffaele Mascella - Davide Fazio**
Logic and the Philosophy of Science
University of Teramo

ETHICAL ISSUES IN COMPUTING TECHNOLOGY

This session will explore the myriad ethical dilemmas in computing technology. Drawing from the foundational text *Gift of Fire: Social, Legal, and Ethical Issues for Computing Technology* by Sara Baase, we will explore the ethical considerations inherent in the design, development, and deployment of computing systems.

PRIVACY, FREEDOM OF SPEECH AND INTELLECTUAL PROPERTY

In this session, we will examine the complex interplay between privacy rights, freedom of expression, and intellectual property in the digital age. Using insights from *Gift of Fire* by Sara Baase, we will navigate the ethical dimensions surrounding data privacy, online speech, and the protection of intellectual
