Mission Statement
In agreement with the EU Directives, ESG recommendations and ANVUR guidelines, the main objective of the Veterinary Medicine Faculty (VMF) is to provide an adequate, ethical, research and evidence-based veterinary training, that enables the new graduate to perform as a veterinarian capable of entering all commonly recognised branches of the veterinary profession, and to be aware of the importance of lifelong learning.

The VMF targets are to give and produce knowledge and competencies, concerning basic and professional veterinary sciences:

1. Guaranteeing health and welfare of companion, wild and food producing animals and, consequently, of human beings;
2. Promoting efficient and sustainable animal productions;
3. Assuring guaranteed food quality and safety;
4. Ensuring knowledge of European and national veterinary organization;
5. Giving knowledge on veterinary laws and regulatory procedures on a worldwide, European and national perspectives;
6. Promoting adequate research-based and evidence-based veterinary lifelong education and training.

VMF ensures that the curriculum enables all new graduates to perform as a veterinarian capable of entering all commonly recognised branches of the veterinary profession through:
- the reports of the stakeholders (at least once a year during the meeting of the Career Day) (https://www.unite.it/UniTE/Career_day_2019), and the questionnaires for the collection of the opinions of the supervisors after the mandatory periods of External Practical Training (EPT);
- the consultations of the AlmaLaurea data relative to the occupational situation of the graduates one, three and five years after the degree (https://www.almalaurea.it/en/universita/indagini/laureati/occupazione). As example, the link relative to 2018 situation of the VMF graduates is reported: https://www2.almalaurea.it/cgi-php/universita/statistiche/framescheda.php?anno=2018&corstipo=LSE&ateneo=70118&facolta=450&gruppo=7&pa=70118&classe=11047&corso=tutti&postcorso=0&presiui=1&disaggregazione=&LANG=en&CONFIG=profilo;
